NOVIK IS SUNK

Japs Smashed the Russian Vessel

DARING DASH INTO CHEFOO

Japs will Respect China's Neutrality
But Russian Vessels Must not
Run Away and Hide in
Chinese Ports

FALLING BACK ON MUKDEN.

Tokio, August 20.—The Japanese troops occupied Anshanshan yesterday and the Russians have retired towards Mukden.

RUSSIAN CRUISERS LOCATED.

London, August 20.—A despatch to a news agency from St. Petersburg today says: "News has reached the admiralty to the effect that the missing cruiser Novik has arrived at Korsakovsk, a port of the Island of Sakhalin and the Russian cruiser Diana, concerning whose fate there had been considerable anxiety, has been seen off Hong Kong.

SUMMONS OFFICERS.

St. Petersburg, Aug. 20.—The Emperor has issued an ukase summoning to Krask all reserve officers throughout the empire.

FIRING AT PORT ARTHUR.

Chefoo, August 20.—Firing at Port Arthur by big guns was distinctly heard here last night. Late advices from Port Arthur state that Palung Chang, although retaken by the Russians, has not been occupied by their side. The Russian battleships have contented themselves with preventing the Japanese from reoccupying this position and planting guns which would command the Russian warships in the harbor.

WAS JAPANESE BATTLESHIP SUNK.

Russian naval officers believe that the Japanese battleship Mikasa was sunk in the engagement of August 10. They declare that while the Japanese concentrated their fire on the Czarevitch, the Russians centered their fire on the Mikasa, Admiral Togo's flagship. It was the Mikasa which the Retzian tried to run down during the fight.

RUSSIANS WILL DESTROY THE PORT ARTHUR FLEET.

Chefoo, August 20.—The strength of the fortifications at Port Arthur is believed will make up for the disparity in numbers. It is declared certain that if the fortress falls the fleet will not be taken by the Japanese. On this point the admiralty's instructions are of a most imperative character. Vice-Admiral Prince Outomsky has been ordered, should the worst come, to sally forth for a death struggle, and there is no question here but that these instructions will be carried out both in letter and spirit. But if, for any reason a final sortie is impossible, the admiral is to destroy his ships and to make certain that their wreckage shall be absolutely irreparable.

JAPANESE SEIZED VESSEL IN CHEFOO HARBOR.

Chefoo, Aug. 20.—Yesterday morning seven Japanese destroyers entered the harbor of Chefoo. Opposite the entrance they met an unknown steamer entering and took possession of her. There were two cruisers outside. The dispatch is worded so as to leave in doubt one of the most important points connected with the seizure, namely the exact spot at which it took place, and whether within or without the three mile limit. The impression here is that the seizure took place within the Chinese territorial waters.

NOVIK SUNK BY THE JAPS.

Washington, Aug. 22.—The American state department today received the following cablegram from its Minister Griscombe at Tokio: "The Japanese fleet sunk the Novik off Takhalin today."

JAPS MAKE DARING DASH.

Chefoo, Aug. 22.—A Japanese torpedo boat dashed into Chefoo harbor and anchored alongside the Russian cruiser Askold.

The United States vessel Chaunieq gave chase to protect the Russian vessel.

JAPS WON'T BE TRICKED OUT OF THEIR PREY.

Japan has issued an official statement to the effect that Chinese neutrality will be respected as long as Russia does not seek refuge from capture or destruction in Chinese harbors.

DETAIALS OF THE SINKING.

The following details of the attack on the Novik have been received at the Japanese legation: "The captain of the cruiser Chitose reports that the Chitose and the protected cruiser Isushima attacked the Russian cruiser Novik at Karsakovsk, Sakhalin Island on the morning of the 20th. On the morning of the 21st, the Novik, which had been heavily damaged was stranded and partly sunk. The Tsushima was hit once in the coal bunkers, but the damage was slight.

There was no damage, nor was there a single casualty on either of the Japanese vessels."

JAPS HAMMERING AWAY.

Chefoo, August 21.—A reliable authority declares that yesterday's (Saturday) attack on Port Arthur was unsuccessful, but continued last night and today will go on for one more day.

JAPS MAKE IMPORTANT CAPTURE.

Chefoo, August 22.—It is expected that the Japanese before Port Arthur have captured Fort No. 25, one mile north of Golden Hill. The Japanese are not attempting to storm the Liao Li promontory. Their right wing terminates at Pigeon Bay.

The Russian garrison of Port Arthur is estimated at 23,000, covering an area of twelve miles.

How Japs Meet Death

The following very interesting and pathetic account of the death of two Japanese appears in the New York Evening Post. The correspondent who gives the facts says that they were given to him by a wounded Russian in one of the hospitals. The two had been captured by the Russians, and were executed as spies. The Russian prisoner tells the story in the following way:-

"I can give my testimony that, when the two prisoners were brought into the little room of the Chinese 'fans' transformed into a courtroom by the Harbin council of war, both the judges and the public—the latter composed almost exclusively of officers—could not avoid manifesting openly their enthusiastic admiration for them.

"The trial took the ordinary course: the arguments offered on either side offered nothing of interest, the prisoners having loudly and not without patriotic pride, assumed the responsibility of the crime of which they were accused.

"They gave their names and their titles without the slightest tremor of voice.

"Tchomo Jokoka, forty-four years of age, colonel of the general staff, graduated with honors from the Military High School of Jeddah said the elder of the prisoners, a short, stout man, with a strong face.

"Teisko Jokki, thirty-one years of age, captain, attached to the general staff, said his companion, who was taller and more slender in figure than the other, with angular features, and a very dark complexion, casting a lightly disdainful glance around the courtroom.

"Buddhist," he added after a moment's silence.

"And you colonel," said the president of the council, "you are of the same religion as your fellow-prisoner."

"No, president, I am a Christian." And observing the astonishment produced on every one by this declaration, he hastened to add:

"But I am a true Japanese, born of Japanese parents. Only in my youth I was captivated by the teachings of Christ and I became a convert to Lutheranism.

"The accused were shown the explosive material which was found upon them; they did not attempt to defend themselves or to deny the Cossack who had arrested them.

The deliberations lasted for half an hour and the court condemned the two officers to the maximum penalty, the scaffold.

Col. Jokoka and Capt. Jokki heard their sentences with as detached an air as if it concerned indifferent persons. It is probable that if the sentence had been less severe they would have shown some surprise.

The sentence was to be executed on the following morning at one o'clock; all that was waited for was a despatch from General Kuropatkin confirming it.

The telegram arrived promptly; the generalissimo approved the condemnation, but spared the Japanese officers the humiliation of the scaffold and granted them the grace of being shot, according to him, a soldier's death.

I was present when the commandant read to the prisoners General Kuropatkin's order.

"It is well," responded Colonel Jokoka, "I am ready."

The captain said nothing; his expression that became every moment more disdainful, showed his indifference to the manner of punishment reserved for him.

Colonel Jokoka asked permission to write to his family; then he embraced the captain.

"I die more tranquil than you, colonel," said the latter.

"Why do you say 'that'?" "I have fulfilled my duty to my country and to the Diety. You have done yours to your country only."

"What do you mean, captain?"

"I have reflected a good deal on what you have said to me about

Christianity. You are always vaunting its superiority. Well I think you are not in accord with Christ, while I have nothing to reproach myself with."

"Perhaps you are right, captain. And I, I have a favor to ask of you. Give me your authorization to perform the first truly Christian act which it has been given me to perform during my life. You know I have a number of Chinese bank notes, to the value in all of about a thousand Russian rubles. Well, I desire to send this money to the commandant, to be given to the Russian Red Cross for the wounded among our enemies. Do you consent to this gift?" Jokki reflected for a moment.

"I have always had a great affection for you colonel, and if it will give you pleasure, I am quite willing that you should give the money to our enemies."

When the commandant came for the prisoners, Col. Jokoka gave him a bundle of white banknotes with red signs, saying:

"There are here about a thousand roubles, and we beg you to give them to the Russian Red Cross."

"But would it not be better for me to send this money to your families?"

"Oh, no," cried both the condemned men together, "The Mikado will not forget our wives and children."

"Do not refuse us this satisfaction," said Jokoka, "Distribute this money among the Russian wounded."

The commandant again urged the officers to let all they should leave behind them be sent to Japan.

Jokki appeared to hesitate for a moment, he looked at his companion in misfortune, who reiterated his desire to make this compensation for the evil he had done on this earth, and the captain bent his head in acquiescence with the wish of his brother in arms.

The Russian commandant yielded and asked the two Japanese if there was anything in which he could be of service to them.

As there was no Lutheran pastor, the chaplain of the regiment was sent to Jokoka. The colonel begged the priest to read to him the sermon on the mount. The Chaplain read in Slav and Jokoka followed the text in his Japanese bible, which they had left with him in prison. When he came to the words: "For if ye love them who love you, what reward have ye? And if ye salute your brethren only, what do ye more than others?" he closed the book, folded his hands and cast his eyes down for a moment while his lips moved.

"Jokki," he said, "you are right. You will die more tranquilly than I, for I have never felt more keenly than now how little in accordance my life has been with the teaching of Jesus."

The vehicle which was to convey the two men to the place of execution was already waiting. Outside surged the crowd, the hideous crowd of the lower class, everywhere the same idle tradesmen, business men come to the extreme Orient to avail themselves of any chance windfall.

The two Japanese officers arrived at the place of execution as impassive as ever. Still it could be seen that the colonel was a prey to painful reflection.

Both of them lighted cigarettes and asked that they should not be bound to the stakes. The commandant took two handkerchiefs from his pocket and handed them to the Japanese officers.

The colonel bound his eyes himself. Jokki disdainfully refused to do so, saying he desired to see how they manoeuvred.

A dozen soldiers were posted in front of the colonel, a dozen others in front of the captain.

"If you have pity for these two unhappy men," said the commandant to the platoon detailed for the execution, "aim straight at the heart—death will be instantaneous."

The soldiers fired.

Jokoka went to the left: Jokki, without having winked an eyelash, fell forward.

Both had been led instantly—our good soldiers had pity for them.

BAND CONCERT

The Edmonton Union Band gave a delightful open air concert on Jasper avenue Saturday night, opposite the Windsor hotel. Large numbers enjoyed the music. It is the intention of the band to give open air concerts once a week, although the evening has not yet been selected on which to give them. The band, which has been gaining great proficiency of late, is entitled to a great deal of credit for thus supplying the town with music voluntarily, an evening each week.

GAZETTE NOTICES

The last issue of the Territorial Gazette contains the following notices of local interest.

Justices of the Peace—W. R. Gibbons, of Astleyville.

Commissioner for taking affidavits—W. A. Rae, of Dunwoody, Alta.
Coroner—H. B. Hall, of Lloydminster.

Fort Saskatchewan Protestant Public School district No. 91, has been empowered to borrow the sum of \$4000 for the purpose of completing and furnishing the school building and fencing the school grounds.

CHURCH SERVICES

There was a large attendance at both the services in the Edmonton Presbyterian church yesterday. In the morning Rev. Mr. Flemming, of Strathcona occupied the pulpit. Rev. Thos. A. Rodger, who has been doing evangelistic work in this district for some months, preached the evening sermon. The choir sang an anthem at the evening service.

At the Baptist church yesterday evening Rev. Mr. McDonald, the regular pastor of the church, preached to a large congregation from the text "How a plowman became the judge of Israel."

Rev. C. H. Huestis, the regular pastor of the Methodist church, was absent yesterday. The morning service was taken by Rev. T. J. Johnstone, B.D., of the Strathcona Methodist church. The evening service was taken by Rev. C. V. Hall, pastor of the second Methodist church, Edmonton. The choir rendered an appropriate anthem at the evening service.

The Bishop of Calgary preached to a large audience in the Edmonton All Saints' church last night. The Bishop was in Northern Alberta yesterday for the purpose of inducting the Rev. W. George, as rector of Holy Trinity church, Strathcona, yesterday morning.

VEGREVILLE

Bulletin Correspondence.
Mr. Wm. Clement, one of our merchants here, has just recovered from a very severe attack of illness. Although in bed for only about one week he weighs fourteen pounds less than before his illness. We are pleased to see him able to take his old place once more.

One of the luxuries of this Vermilion river country is the possession of a cat or kitten. Good cats are rare and in one district we know that the only cat in the neighborhood is loaned from house to house. Requests for cats and kittens are very frequently made in Vegreville and we can heartily congratulate one of our "professional men" in lately securing two beautiful kittens of the negroid type. They were shipped to Vegreville by stage from the West and so delighted was the man who got them that he carried them off in a sack on his back. It is needless to say that he got lessons in musical symphonies throughout his whole journey homewards. Mice will be scarce this fall.

Quite a travelling and growling curiosities came into town last Saturday in the shape of a tame young cinnamon bear. He was captured last spring at Sick Man's Lake and is now in the possession of Mr. Chas. Spence, one of our general merchants. Mr. Spence is a regular bear trainer as numbers of our people can testify, for the tricks that Mr. Bruin can now perform are exceedingly amusing and interesting. We expect that if the people of Edmonton do not very soon establish a menagerie or a second zoological gardens that we shall have suitable wild animal grounds established in our Vegreville vicinity. High prices are being offered for any or all sorts of wild animals. The fox and the bear—now training—are becoming good friends and excellent performers, while a coyote is expected to be added to the number at a very close date.

Mr. Jones, our new barber, shoe and harness maker, has rented the restaurant owned by Mr. Jno. Cameron and commences business on Sept. 1st.

Dr. Rush and Mrs. Rush paid a flying visit to Star this week and were the guests of Dr. and Mrs. Archer.

The Agricultural Society have rented the new barn owned by Mr. Jas. Beulin for exhibition purposes on Sept. 30th, 1904. This is right in the village and will be much appreciated by all.

Guns and rifles are again coming down from their resting places and from the fine polish that these weapons are receiving, we would judge that the duck census will be indicated by a number of diminutive size soon after the season opens.

Mr. Gilteapple, formerly principal of the Tavistock public school in Ontario has come west and is now in charge of the school in Mr. Muniz's District, about twelve miles southwest of Vegreville.

The stage from the Fort arrives regularly every Tuesday evening. Every one expresses his satisfaction for the great accommodation and it is the hope of all that Mr. Stewart, who owns the stage, will be immediately given the contract for carrying the mail as well, thus making the long journey sufficiently remunerative to have the direct route continued. Our next accommodation will be the Canadian Northern railroad.

The Vegreville school has again reopened with twenty-five pupils in attendance.

Messrs. Spence, Ritchie and Cameron, three of our popular cyclists, rode to Edmonton on their wheels last week to attend the Strathcona Fair. They returned home last Saturday and report the rains very disappointing.

Mr. John Kennedy of Poplar Lake, who made a trip to Lloydminster some time ago reported our country's grass is burnt must be a good driver for we judge that he must not have "got off the trail" in his Barr Colony journey for if he did he would certainly have been where there was grass, and grass that has been beautifully green all summer.

Vegreville, August 18th.

War Notes

Tokio, Aug. 17.—According to an official report the Japanese losses in the battle between Vice-Admiral Kamimura's squadron and the Vladivostok cruisers in which the Russian cruiser Rurik was sunk, were 10 officers and 100 men killed or wounded.

Pekin, Aug. 17.—The Chinese rail-

ways have been asked if they have sufficient rolling stock and how quickly they can transport 40,000 troops to Shau Hai Kwan.

St. Petersburg, Aug. 17.—Russia has agreed to the disarmament of the Russian cruiser Askold, now at Shanghai. The admiralty here do not confirm the reported arrival of the Russian cruisers Diana and Pallada at Vladivostok. A despatch received this morning from Viceroy Alexieff, who is at Vladivostok, makes no mention of those two warships.

Rome, Aug. 17.—The inhabitants of the island of Crete have addressed a strong petition to the Italian government, asking to be freed from the government of Prince George of Greece, the high commissioner of the protective powers, whom they accuse of misrule. They ask for annexation to Greece and threaten, should their request not be granted, to start a revolution. The petition is addressed to Italy because Cretan affairs are under the supervision of the Italian foreign minister, assisted by the Russian, French, and British ambassadors. Prince George, it is reported, is about to start on a visit to the capitals of the protective powers.

Chefoo, Aug. 17.—A striking incident of the naval engagement of Aug. 10 was the surrounding of the battleship Retzian by Japanese torpedo boats, the other Russian vessels having gone to the assistance of the Czarevitch, which was then hard pressed. The Retzian attempted to break through the line and tried to ram a cruiser which approached, but she was fairly blown out of the course by a hail of shells from the cruisers, which now began participating in the fight.

Every officer of the Czarevitch was either killed or wounded. While the Czarevitch was making for Tsing Tau funeral services were held, in many cases, over heads, arms and legs. One sailor, whose hand was severed by a fragment of shell, became crazed by pain and the horror of the blood about him. He approached the captain, held out the severed member in his remaining hand, and requested that a prayer be said over it.

SPORTS

ACCEPTED CHALLENGE

The Red Deer Lacrosse Club has accepted the challenge of the Edmonton team for a game in Edmonton on Tuesday evening next. The Red Deer team are to be congratulated on the sportsmanlike conduct shown in thus taking the initiative in making the trip. The Red Deer team is under the direction of Mr. Orvan Shoemaker. Mr. Shoemaker has the reputation of being one of the most expert goal keepers of Ontario of a few years ago. Of late he has played very little, but the Edmonton team may rest assured that the team that they will meet tomorrow night will be one that has the fine points of the game down to a nicely.

The Edmonton Lacrosse team has promised the Red Deer team a return match in the near future. Everything possible should be done to give the Red Deer Boys a good time during their visit here tomorrow night.

WHO HOLDS THE CHAMPIONSHIP

The Medicine Hat News in its last issue has the following—The Regina Lacrosse club claims the championship of the Northwest. They went to Winnipeg and defeated the Minto. Medicine Hat has held the Northwest championship for several years, and is prepared to get out and defend the title against Regina or any other Western club.

THEIR OPINION

The Strathcona Plaindealer has the following to say regarding the last lacrosse match between the two towns: "That was a great game of Canada's national summer sport, lacrosse, at the exhibition park, Strathcona, Thursday evening. Edmonton and Strathcona teams were the combatants, and they treated the large gathering of spectators from both towns to an excellent exhibition game. There were many brilliant plays on both sides, though a lack of good combination. A feature of the Edmonton play was Milne's fine catching and throwing.

Nobody can afford to miss the lacrosse match, Edmonton vs. Red Deer in Edmonton tomorrow evening.

The baseball match, Fort Saskatchewan vs. Edmonton, which was called on account of rain Friday evening, will be played in Edmonton as soon as convenient arrangements can be made.

LABOR DAY

A grand celebration will be held on Monday, September 5th. Labor Day, under the auspices of the Edmonton Trades and Labor council. A grand parade of labor unions in uniform, floats, citizens in carriages, headed by the Union Band, will proceed to the exhibition grounds at 9.30, where a program of speeches and athletic sports will be given. The sports will include baseball matches, trotting and pony races, bicycle races, foot races, tug o' war, jumping, etc. Suitable prizes will be given for each event.

A NEW HOTEL

The Pendennis, a new hotel, on Jasper avenue east has been opened today. It stands on the site of the old California rooming house. It consists of three stories. The whole hotel is fitted most handsomely. The second floor has the parlor and bed rooms and the third floor is entirely taken up with bedrooms. On the ground floor opening onto Jasper avenue is the bar, which is handsomely fitted up and the office. A particularly good feature of the hotel is that besides the large dining room there are several smaller dining rooms where private families, or persons who would prefer the seclusion of a small room, may have their meals served to them. Meals will be served at all hours.

C. N. R. AND BATTLEFORD

At the railway commission meeting at Prince Albert, Battleford residents had a delegation present, who asked to have the commission look into the crossing of the river by the C. N. R. and have it changed if possible. If the railway constructs as present plans are laid out the town of Battleford will be ruined, they stated.

Catholic Colony for Edmonton

Ottawa, August 17th.—Rev. Father Sinnott, a Roman Catholic priest, was in Ottawa to-day. He is arranging for the organization of a colony which he proposes to locate in or near the Edmonton district. He has just returned from that part of the west, and is very favorably impressed with the country.

Dainty lingerie must have the proper stiffness and spotless whiteness to satisfy dainty women. Celluloid Starch will give the stiffness without taking from the whiteness. Every woman who takes pride in her dainty white goods should ask her grocer for

Bulletin Special Dispatch.

El Paso, Texas, August 22.—Seven lives were lost in the flood which swept through the town of Globe and surrounding country after a cloud burst.

DISASTROUS CYCLONE

Sweeps over St. Paul and Minneapolis. Hun loads of Houses Wrecked. Millions of Dollars of Damages Wind Blew at the Rate of One Hundred Miles an Hour.

Bulletin Special Dispatch.

St. Paul, August 21st.—St. Paul and Minneapolis present a terrible scene of wreck and ruin from last night's cyclone. There is scarcely a street in the city that is not bestridden with timbers and demolished buildings. Conservative estimates place the loss at over \$2,000,000. In every quarter houses were unroofed, trees blown down and fallen wires made progress in the streets difficult and dangerous. Tornado has wrought one of the greatest calamities recorded in the Northwest. It came without warning. It was 8:15 o'clock last night when the whirling wind passed the cities with a deafening roar.

The cyclone burst everywhere. Amid crashing of glass and din of falling timbers the people quaked in terror. Rain fell, whirling and swirling, carrying everything before it.

In a black vortex the cyclone swept over St. Paul. The path of the storm seemed to follow the river valley. The roar as it swept along was terrific.

With increased force the cyclone turned in its path and again passed over the city.

The second visitation was more terrific than the first. The velocity of the wind was one hundred miles per hour.

The moments that followed were moments of terror. Panic stricken people rushed for cellars and faces of strong men grew ashen. It seized high timbers and hurled them hundreds of feet into the air. Bars of steel were bent like straws. Roots of buildings were lifted into the streets. Telephone poles and trees went down like grain.

Four killed and fifty injured is the list to date. No Canadians were among the lost.

One hospital, one excursion steamer, two hundred houses and bridge over the Mississippi are destroyed.

I hereby proclaim Tuesday, the 23rd day of August, 1904, Civic Holiday for the Municipality of the Town of Edmonton. Dated at Edmonton this 9th day of August, 1904. WM. SHORT, Mayor.

FORT SASKATCHEWAN

NEWS

Sad Accident to Small Child. Fort Will Observe To-Morrow as Civic Holiday

Bulletin Special Dispatch.

Fort Saskatchewan, Aug. 22.—A sad accident happened to Mr. Elster's baby last Saturday. He had been using carbolic acid on a horse and laid the bottle on a chair. The baby got the bottle, split some on his face and took some internally. Medical aid was at once summoned and at latest reorts the little sufferer was progressing favorably.

Walter Douglas, a farmer living about nine miles east from here met with a painful accident on Saturday. He was kicked by a horse in the stomach and at present is lying in a precarious condition at the home of Mr. Madden at Riverdale.

Mayor Langworthy has proclaimed tomorrow, the 23rd, a civic holiday.

DR. MCLEAN, DENTIST

DROWNED

In Cooking Lake. Sail Boat Upset and Occupants Thrown Into the Water

Other Rescued

Word was brought to the city about seven o'clock last evening that Dr. McLean, dentist, of this city, had been drowned in Cooking Lake, caused by the upsetting of a sail boat.

Cooking Lake is a summer resort twenty-five miles southeast of Edmonton. A large number of Edmonton people have been holidaying here. Some few days ago Dr. McLean, of Drs. McLean and Strong, and J. R. Gunn, of the National Trust Company's office, Edmonton, left for Cooking Lake to spend a week's holidays, camping out.

The accident happened about two hundred yards from the shore, just off Grummett's point. A party consisting of George and W. Webster, sons of W. J. Webster, of this city, J. R. Gunn and Dr. McLean, were in a flat bottomed boat when the accident happened. The boat, which was considered perfectly safe, had a sail attached and the party were enjoying a smart sail when the accident occurred.

A strong wind was sweeping down the lake when the boat was off Grummett's point. There was quite a swell on the lake at the time, but not such as would drive a person from an enjoyable boat ride. Other persons were boating in the same part of the lake at the same time. From the reports so far received it is not explained just how the accident occurred, but the boat was suddenly seen to be overturned. The occupants were seen struggling in the water by a couple of ladies, who were on the shore at the time. They immediately gave the alarm. A number of young men immediately got away for the scene of the accident. The Websters and Mr. Gunn, who clung to the boat, were picked up, and quickly taken to the shore, in a state bordering on exhaustion. Mr. Gunn, who could not swim a stroke, was almost completely overcome when rescued.

Hitching up, Harry Hellwell immediately drove to Edmonton with the sad news. Dr. Strong and Dr. Wilson and others had secured grapping irons and left for the lake.

Immediately on arriving at the scene of the accident the occupants of the other boats endeavored to ascertain by diving the whereabouts of Dr. McLean's body. All efforts were unavailing. Cooking Lake is very deep at this point and the bottom is all covered with reeds. It is said that there is also a strong current in the lake near Grummett's point. Dr. McLean was a first class swimmer, and until further news comes from the lake, it is not known just how the fatality occurred. Some state that Dr. McLean started to swim for the shore as soon as he first recovered from the upset, and for some reason turned about and while swimming back to the overturned boat he sank.

Edmonton was the town so moved as it was last night when the news of Dr. McLean's death became generally known. He has practised his profession here for some two years as partner of Dr. Strong, coming to Edmonton from Pilot Mound, where he lived for a short time. In his two years stay in Edmonton he has made a host of friends, who feel deeply grieved at his lamentable death. He was a popular member of the Edmonton Presbyterian Church choir, as well as of several social organizations, and his untimely end causes very deep regret among the young people of Edmonton, among whom he was justly popular. The death of Dr. McLean has cast a gloom over the whole town.

Dr. McLean's parents live at Carleton Place, Ontario. They and other relatives of the deceased have been communicated with.

Later—

Very little further news regarding the death of Dr. McLean has been received. Late arrival's from the lake last night state that when the boat upset, Dr. McLean immediately started to swim to the shore. He had not gone very far when he turned around and swam back to the overturned boat to which the others were clinging. Grasping the boat on the same side as the kins were, if overturned and all were thrown into the water again. This is the last time that Dr. McLean was seen.

Allan Fleet For the Pacific

Montreal, Aug. 15.—It is expected here that the Allan line will establish a Pacific ocean service upon the completion of the Grand Trunk Pacific railway. Hugh A. Allan, who has taken a place on the G.T.P. directors, said today that the question of

operating a Pacific ocean fleet in conjunction with the new transcontinental railway, had been considered, but had not yet assumed tangible shape. This announcement is of special interest, owing to the Allan Steamship company being the pioneer Canadian line on the Atlantic, and as it has proved a great factor in the development of trade between Canada and Great Britain, it is now certain of greatly increasing the amount of business between Canada and the Orient. The present plan is to operate the Pacific fleet in conjunction with the Grand Trunk Pacific railway and to run a service from the Pacific terminal of the railway to different ports in Japan and China and possibly Australia. Another incident showing how close the relations between the railway and steamship company will be found in the fact that H. A. Allan, who is strongly in favor of his company making this important departure, has accepted a position on the board of directors of the Grand Trunk Pacific railway. A member of the Grand Trunk Pacific board said today that for some time past the company has been looking into the feasibility of inaugurating a service on the Pacific, and the information obtained showed that there would be more than sufficient trade to justify the placing of a fleet on Pacific waters.

China's Neutrality

New York, August 16th.—The Tokio correspondent of the New York Times says under date of August 15th: "Concerning the incident of the seizure of the Ryeshiteini at Chefoo, Japan's contention, I understand, is that she is prepared strictly to respect China's neutrality as far as Russia respects it, but if Russian troops and ships elude pursuit by taking refuge in adjacent territory belonging to China, whose neutrality plainly is imperfect, inasmuch as she is incompetent fully to discharge her neutral duties, then in face of plain proofs of such incapacity, Japan will be compelled to enforce her belligerent rights."

The Ryeshiteini lay for 27 hours at Chefoo, without any signs of being disarmed or of leaving the port, thus obviously violating China's neutrality. Therefore Japan was obliged to take steps to avert dangerous potentialities arising from an abuse of asylum.

KNOTTY PROBLEM.—London, Aug. 15th.—The final cabinet council of the parliamentary session was held to-day at the foreign office, and gave particular attention to the question of the neutrality of China, and British action on the Russian reply to the Knight Commander representations. After the council closed the emphatic statement was made that Great Britain feels it absolutely essential to her own interests and those of the entire world that the neutrality of China shall be observed by the two belligerents. Great Britain will make earnest efforts to secure this result.

In the Knight Commander case the British government will instruct Ambassador Hardinge that it will insist that there was no justification in international law for sinking the steamer. The British note will be couched in the most conciliatory tone, and it is fully expected in cabinet circles that the question will be adjusted by Russia paying an adequate indemnity.

While dissatisfied with the failure of Russia to recognize in principle that she had no right to sink a neutral ship, even if carrying contraband, the British government feels it will gain little by pressing the point, especially as it regards the power of the Russian navy to harm merchantmen in the Far East as having practically disappeared. Therefore the government will accept an indemnity, which it will regard as an admission of the correctness of the position assumed by Foreign Secretary Lansdowne, when the original demand for reparation is made.

The neutrality of China presents a more knotty problem to the London authorities, for the reason that they have to consider the effect upon their ally. The disposition of the government is to go slow. In other words, while insisting that China shall continue neutral, the government will give Japan every opportunity to show, if possible, a justification for the action of the torpedo boat destroyers in capturing the Ryeshiteini. Exchanges on the subject have occurred between Great Britain and Japan.

At the Japanese legation a representative of the Associated Press was informed that the Tokio government has not reached a decision in respect to the return of the Ryeshiteini to China. "The Russians opened fire on our men," it was added, at the legation, "showing that the Ryeshiteini, if she had not been disarmed, might have attempted to leave Chefoo without regard for the promise made by her commander and menace the neutral shipping or carry dispatches of great importance. As the Russians took the offensive our men had no other resource

than to capture the Ryeshiteini."

At the Chinese legation here it was said that the foreign board had not communicated to it the facts of the Ryeshiteini incident, but was discussing them directly with the diplomatic station at the Chinese capital.

The members of the delegation express the hope that the United States will continue its efforts to induce the belligerents to observe China's neutrality.

Dollar Wheat

Winnipeg Telegram:

Dollar wheat was the cry on the local grain exchange this morning when wheat prices touched the century mark shortly after the session opened. The market here ruled exceptionally strong and buoyant throughout the day and prices were quickly bid upward on the strength manifested on the Minneapolis exchange where a record advance was scored, prices here for September wheat opening at \$1.09, a gain of 1-2 over yesterday's close and amid wild excitement advancing in leaps and bounds to \$1.14, the highest point in years. The day's closing prices here showed net gains for the session of 4 cents for August and October: 4 1-8

for December and 3 1-2c up for May.

Trade was more than usually active and in volume exceeded any session for many days past. October was the month most dealt in and as prices advanced there was considerable selling by long holders and by holders of calls but as the upward movement continued the demand was renewed and there was active trading right up to the close.

There was the usual crop of reports of damage from rust in the eastern half of the province, and these were sent broadcast to southern markets, where they helped in the advance there. Locally these reports were not of much effect in stimulating prices here, but indirectly they had an effect as the strength at Minneapolis gave local traders confidence and induced buying. The predictions of frost tonight in North Dakota and Minnesota and the forecast of cooler weather in Manitoba was a bull card.

McBean Bros. had the honor of buying the first wheat sold at \$1.00 this morning that firm taking the first 5,000 bushels lot of October at that figure.

Edmonton, Alberta

LOCAL

—Wetaskiwin will observe tomorrow as Civic Holiday.

—The rifle matches will likely begin about the middle of September.

—All banks will be closed tomorrow for civic holiday.

—Fort Saskatchewan hold their annual civic holiday tomorrow.

—A. M. Stewart has been appointed manager of the Edmonton branch of the National Trust company.

—The Strathcona business places are getting up tomorrow on account of the opening of the duck shooting.

—Tomorrow is Civic Holiday and there will be no issue of the Daily Bulletin.

—Edmonton public and high schools open next Monday, August 29th, after the summer holidays, with a staff of eighteen teachers.

—The contract price for the new Protestant public school which will be erected on McKay avenue, is \$31,450. R. J. Mansor has the contract.

—Calgary had intermittent snowstorms Saturday. Edmonton is doubtless getting the tail end of the storm in the frequent rain storms of the past day or two.

Free Lance—Mr. Perrin of Edmonton, visited Bowden last week, and decided to remove to this place and open a drug store about September 1st.

—W. McKay, inspector of government telegraphs, Edmonton, has been engaged in running the telegraph line from Edmonton to the Stony Plain Indian agency, via Spruce Grove.

—Free Press: About 400 teams of McMillan's outfit that have been working west of Yorkton, unloaded at Binscarth Saturday and started across to Rossburn to work on the Canada Northern grade.

—The second Methodist church in Edmonton, on Narrows Avenue in the east end, will be formally opened for divine service on Sunday next. The pastor is the Rev. C. V. Hall. Further announcements will be made later on.

—The marriage of Mr. Vernon Barford, and Miss Lynch, both of this city is announced. The ceremony took place at St. Thomas' church, Seaforth, Ontario, on Thursday, August 11th. Rev. J. W. Hodgins officiating. Miss Lynch is the eldest daughter of the late Dr. J. S. Lynch of Winnipeg.

—Red Deer Advocate: Messrs. Strange, Duhamel and Phillips, of Edmonton have opened a pool room, tobacco store and barber shop in the Alford block, opposite Stone's undertaking establishment and lately occupied by the Palace Restaurant. They have fitted out the place in good style and opened for business on Tuesday last.

—A branch of a cultivated red currant bush bearing very heavy clusters of the ripe fruit, has been left at the Bulletin office by Mr. Jno. Ross. The fruit was grown on the farm of Mr. Ed. Deane, of Turnip lake, and shows the great growth there is in this line of small fruits in Northern Alberta. The bushes from which this branch has been taken are weighted to the ground by the heavy clusters of fruit.

—Free Press: A family of Icelanders arrived from Brazil on Monday, the head of which is 80 years old. This aged gentleman went to South America nearly half a century ago. He often heard people speaking of Canada, and especially of the north-western portion of it, and at last decided to come. This decision he has carried out. The family will settle in Manitoba or in some Icelandic community in the N. W. T.

—The annual Sunday-school picnic of the Edmonton Presbyterian church will be held in the exhibition grounds tomorrow afternoon. A good program of sports has been arranged. An automobile has been engaged for the day. Conveyance has been arranged for to carry the smaller children to and from the grounds. Baskets are to be left at the church in the morning.

PERSONAL

—W. Day left this morning for Banff.

W. H. Clark went to Calgary this morning.

R. P. Ingles, of Montreal, who is connected with the Edmonton street railway project, arrived in the city Saturday night.

DUCK SHOOTING

Tomorrow is the first day of duck shooting, and everybody is preparing to spend a day in the fields. Ducks are said to be very numerous this year. They are quite plentiful in the sloughs near the city—a sure sign that they are much more plentiful further out. Tomorrow has been proclaimed a civic holiday in order to give all an opportunity of spending a day with the ducks.

HOSPITAL PICNIC

A successful picnic in aid of the Edmonton public hospital was held at Hortonville, Clover Bar settlement on Saturday afternoon last. Although the weather was threatening there was a large turnout. Lunch and tea were served and ice cream, fruit and candy were sold, all for the benefit of the hospital. The Strathcona brass band was present and added greatly to the enjoyment of the day. A baseball match between teams from Strathcona and Clover Bar, resulted in favor of the home team. Short addresses were delivered by F. Oliver, M.P., and A. C. Rutherford, M.L.A. T. Daly, one of the pioneers of the settlement, acted as chairman, and master of ceremonies generally.

Messrs. Carsadden and Wilkinson officiated acceptably in the ice cream booth. The lunch and tea were provided and served by the ladies of the settlement and did all credit to their culinary ability, as well as good will to the hospital.
